September 12, 2005

Commissioner:

1. I, Henry Li, am the sole inventor of U.S. Pat. No. 6,549,587 entitled "VOICE AND DATA EXCHANGE OVER A PACKET BASED NETWORK WITH TIMING RECOVERY," issued on Apr. 15, 2003, and claiming a timing recovery method and apparatus.

2. The Patent Application based on the above U.S. Patent was filed based on a number of Provisional Patent Applications, as part of a large joint development project for Voice Over Internet Protocol (VoIP). The Patent Application disclosed a number of different inventions for the joint development project having different and/or common inventors. One of the different inventions disclosed in the Patent Application (FIGs. 8A-9), but not claimed, is related to voice and data exchange over a packet based network with an automatic gain control (AGC). This invention was later claimed in the pending U.S. Patent App. No. 09/643,920, by its inventors, Onur Tackin, Scott Branden, Chad Griffiths, and Wilf LeBlanc, who were part of the team members of the joint development project.

3. I submit that I am not the inventor of the invention disclosed, but not claimed, in my U.S. Pat. No. 6,549,587 (FIGs. 8A-9) related to voice and data exchange over a packet based

Application No. 09/643,920

network with an AGC and that the disclosed invention was derived from the project team members Onur Tackin, Scott Branden, Chad Griffiths, and Wilf LeBlanc.

I declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under § 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
